2/142,pallivasal(St),,Eduthukattisathanoor,
Mayiladuthurai.

OBJECTIVE

Ambitious IT Engineering student with a strong background in software development, networking, and system optimization. Looking for an internship or entry-level position that will utilize my technical skills and problem-solving abilities to contribute to the success of a forward-thinking organization. Dedicated to ongoing education and growth in an ever-changing, performance-focused setting.

EDUCATION

- **B.TECH /INFORMATION TECHNOLOGY**
  AVC COLLEGE OF ENGINNERING,MAYILADUTHURAI,TAMILNADU.
  2022-PRESENT

- **HIGHER SECONDARY,COMPUTER SCIENCE**
  AL-AMAN MATRIC HSS SANKARANPANDAL,TAMILNADU.
  2022 | 83.67%

- **SECONDARY SCHOOL**
  AL-AMAN MATRIC HSS SANKARANPANDAL,TAMILNADU.
  2020 |95.4%

TECHNICAL SKILLS

- Python
- Java(intermediate)
- Front-end(Html,Css,Javascript)

SOFT SKILLS

- Team Working
- Adaptability
- Time management
- Creativity

LANGUAGES

- Tamil
- English

CERTIFICATE

- Certification for paper presentation on National conference about Internet of things.

- Attend workshop for Establishing private cloud using Vmware tools

PROJECT

Project Tittle: Optimizing Energy Demand and Consumption through Data-Driven Strategies.

This project aims to optimize energy demand and consumption using data analytics and machine learning. By analyzing real-time energy usage data from smart devices and IoT systems, the project predicts demand patterns and identifies opportunities to reduce energy consumption. The goal is to implement strategies that minimize waste, lower costs, and promote sustainability while ensuring efficient energy use across various sectors.

DECLARATION

I hereby declare that the information provided above is true to the best of my knowledge and belief.
